Council Calls For Bids

All bids for materials and equipment for Daly City's $253,000 WPA South End streets improvement project were rejected by the city council in regular session, Monday night.

The council passed a motion calling for new bids to be opened at the next meeting, March 25. City Attorney Rudolph A. Rapsey explained that the delay was probably occasioned by the possibility of litigation involving a temporary injunction. The restraining order had not been set aside until noon on Monday, giving the contractors too little time in which to prepare bids.

Purchase of a new Plymouth car for the Daly City police department was authorized.

Letters were received from the Mothers club of Our Lady of Perpetual Help school and from the executive board of Crocker PTA requesting re-routing of the busses to facilitate service to these schools.

The requests were laid over for study at caucus meeting.

Upon recommedation of the Board of Fire Commissioners, the council approved the application of William Thomas Webb, 368 San Diego avenue, for membership in Company No. 2. Webb fills the position left vacant by Einer Hansen, 221 Hillcrest, who recently resigned to move to the Sacramento valley.

The resignation of Harry Hutchings, 242 Miriam street, from Company No. 2 was accepted. Hutchings will move to Redwood City.

A petition requesting the rezoning of Mission circle for residence only, was referred to the city attorney for investigation. The council went on record as opposing the establishment of furth-

Avoid Gypsy Blessings

If a gypsy stops you and asks for directions to a certain place . . . and then wants to bless you for your kindness . . . beware! It will likely cost you more than merely "crossing her palm with silver," according to the Daly City Police department.

It cost a University of California professor $7 this week in San Francisco, and a San Mateo resident $150, Sunday afternoon.

Driving a green coupe and wearing earrings to match, a "dark" woman has been victimizing persons in San Francisco and Peninsula towns by stopping them to ask directions. Upon receiving directions she shows her gratitude by "giving a blessing," which brings her close enough to her victim to pick his pocket.

Beware the Squirrel!

Contacted through the headlnes of a Los Angeles newspaper, A. W. Stitt, San Mateo exporter, was given Pasteur treatments as a preventative measure against the bites of a rabid squirrel, last week, in San Mateo.

Three members of the Stitt family, feeding a stray squirrel that had made its home in the garage, were bitten by the little animal, later found to be rabid by the county health department.

Unaware that the bite of the squirrel might prove fatal, Stitt had left in the meantime for Los Angeles, where a newspaper headline saved his life by warning him of the danger.

Daly City Wins Another Round

Court Sets Aside Temporary Restraining Order On South End Bids

Opposition to the South End street project witnessed smashing defeat at the hands of the City of Daly City, Monday morning, when the Superior Court in Redwood City set aside a temporary restraining order brought against the city to prevent the taking of bids on the quarter-million dollar WPA job.

The dramatic hearing was marked by angry protests from Matthew Weber, San Francisco attorney, who claimed to represent the nine property owners named as plaintiffs in the suit.

Judge Rudolph A. Rapsey, city attorney for the City of Daly City, offered to prove to the Court that Weber, in bringing suit, had acted without the knowledge or consent of the "plaintiffs."

Rapsey offered to produce signed documents from all of the property owners named, waiving ther previous protest, with the exception of two whose property, he said, was not included in the assessment district.

Put upon the witness stand by Rapsey, Weber before long protested angrily that he thought that "this is a lot of nonsense."

"So do I," the Court remarked dryly, and handed down the ruling that the restraining order should be cancelled.

In the face of this defeat, Weber begged leave to inform the Court that he had been unaware of particulars of the hearing until that morning.

"And the Court was unware of the circumstances under which this order was issued," the Judge replied sternly, dismissing Weber.

Further hearing of the case will be held at 10 a. m. tomorrow, at which time Rapsey will present

Will Vote Here April 9

Less than one month away, on April 9, Daly City voters will go to the polls to select a city treasurer, city clerk and two council men.

In one of the quietest election campaigns, up to this point, that Daly City has ever known, names of the final candidates were made public this week.

Filing papers for the office of city treasurer was Mrs. Florence Stockton, incumbent treasurer, who will go unopposed at the polls. Mrs. Stockton has held the office since May, 1937, when she was appointed to fill the vacancy left by the death of her husband, A. L. Stockton.

Berton C. Ross, incumbent city clerk, was the only candidate to file papers for that office. Ross was first elected clerk in 1923.

Four candidates have signified their intention of vying for one of the two places to be filled on the Daly City council. They are Edmund F. Cavagnaro and John J. Fahey, incumbents; Eugene V. Lynch and Herbert G. King. Cavagnaro and Fahey are now serving their first term of office.

With the candidates actually in the running, it is expected that public interest in the election will spring to sudden life during the next four weeks.

Sentence Addict To State Prison

Mrs. Lillian Herald, 150 West Moltke street, two-time loser on narcotics charges, Monday was sentenced to the state prison for women at Tehachapi for from one to six years, when the superior court in Redwood City granted a motion to revoke probation given her on a 1938 conviction.

Dr. A. E. Amsbaugh, San Francisco physician, who wrote letters to the court, recommending that she not be incarcerated, took the stand to admit that he had known Mrs. Herald to be an addict but never reported her as an addict.

Daly City participation in National Conservation week will be climaxed tomorrow evening at 8 p. m. when a public meeting is held at Jefferson Union high school. The San Mateo County Soil Conservation district, in cooperation with the U. S. Department of Agriculture, has planned an informative program dealing with soil erosion and moisture conservation. No admission will be charged.

"The River," sound film hailed as the best picture dealing with conservation ever filmed, will be shown. A speaker from the district offices will describe soil and water conservation and its bearing on the lives of both rural and urban citizens. Literature and exhibits will be available for inspection before and after the meeting.

Principal James Ferguson, who cooperated in arranging the public meeting, announced that the student body of the high school would see "The River" at an afternoon showing.

Meetings throughout the nation, state and city, this week have brought to wide public attention the twin ideals of conservation—protection and wise use.

Frosh-Sophs Defeat James Lick High On Jeff Diamond

Jefferson's Frosh-Sophs showed that they have the makings of a great team when they beat James Lick high, 10-2, on the Jefferson diamond, Friday, in their first practice game of the season. Many of the boys played on the team last year, and some were on the D. C. Juniors during the winter.

Catching is Tuvo, well placed behind the plate. Fannucchi, pitcher, who will no doubt become the team's principal pitcher, has not only good control, but possesses half a dozen brands of "stuff" that drives the average batter into a frenzy. Other twirlers are Freeman and Fazzio, both good.

Covering first is McKinnon, captain; on second is Charles Razzari, and third-baseman is Valente. Arrighi, who has proved his ability to stop the fast ones, is playing short-stop.

In the outfield are Kucich, Massoni and Nava, all three heavy hitters. Third baseman Valente is another of the team's threats when he steps up to bat.

Subs are Rainey, Arthurs, Dyer, Bertini, Pidgeon and Christiansen. The frosh-soph schedule has not yet been arranged.

To Hold Regatta At Lake Merced Sunday

Lake Merced will be the locale, Sunday, of one of the Bay district's premier sporting events, the St. Patrick's day rowing regatta.

Oarsmen from the Ariel, South End, Dolphin and Alameda rowing clubs will compete against time and each other in every class event.

Races are planned for lightweights, juniors and seniors, in both single and four-oared shell divisions. The starting gun for the first race will be fired at 2 p. m.

A perfect day is expected for the meet, according to weather reports.

Troop 101 Wins Two Games Saturday

Boy Scout Troop No. 101 baseball team, led by Scoutmaster Frank Coughlin, played two games, and won both, Saturday.

Meeting the Ramblers, a team from Woodrow Wilson school, on the Jefferson diamond in the morning, Troop 101 won 7-5. Total at bat, 23; hits 6.

The Ramblers held the lead until the fifth inning, when Troop 101 made four runs. Another three in the sixth clinched the game.

Playing for Troop No. 101 were Billy Core, Tim Chreisten, Bob Rode, Jim and Wally Coughlin, Joe Collins, Stanley Parmisano, Ed Larin and Ralph Capps.

Playing for the Ramblers were Bittencourt, Dawe, Jones, Sorg, Zugar, Fausshaur, Schaver, Fellows and Janssen. Total at bat 24; hits 6.

The second game of the day was Troop No. 101 vs. Troop No. 149. It was the first appearance of Troop 149 as a baseball team, and they played without practice and lacking their regular pitcher. Score 42-0, favor No. 101.

Playing for Troop No. 101 were W. Coughlin, Fellows, Capps, Johnson, Chreisten, Sereni, Larin, J. Coughlin and Valletto. Total at bat 52; hits, 28.

Playing for Troop 149 were Andy, Coleman, Lowery, McHugh, Beeson, Coverdale, Lehigh, Gamba and Cross. Total at bat, 23; hits 2.

Troop No. 149 will go into a practice session. With their regular pitcher, they plan to show Troop No. 101 that they are not as bad as the score would indicate.

After all, there's nothing like being particular. From a farm in Boxville, Ky., 24-year-old Joe Ellis Baker went to Evansville, Ind., and asked police there to help him find a wife. Qualifications: She may be either blonde or brunette, but must be a good cook, pretty and under 26. But the foregoing combined advantages are not quite enough for choosey Joe. It is absolutely essential that she also have $20,000 so he can buy a farm.

Jeff Varsity Plays Practice Games

Jefferson's varsity baseball team played two practice games last week, winning one and tying the other.

Monday, the Jeffs met Commerce high and the game went two extra innings in an effort to break a 4-4 tie, but neither team scored. The final score was 4-4. Guisti, who is definitely out as a pitcher ,owing to a shoulder injury a few years ago, will likely be replaced by W. Christen, who made a good showing in Monday's game. Poddig, Huerta and Johnson lived up to their reputation as hitters.

Wednesday's game with Sacred Heart ended with a 5-1 score in favor of Jefferson. While the batting eyes of the Jefferson boys have not yet reached any degree of perfection, their playing has none of the greenness or raw edges which is customary at the beginning of a season.

On this week's schedule are games with Galileo and Balboa.

Soil And Water Conservation

Today, nations which occupy more than half the world's inhabited surface are locked in a struggle to hold or gain land. In the United States, we are fortunate enough to have in abundance what a large part of the world is fighting for.

Yet, we are engaged in a war in our country . . . a peace time war . . . against another kind of invader. While there is an abundance of land in the United States, there is no longer enough **good** land. To protect this **good** productive land, farmers are rallying to fight the ravages of uncontrolled wind and water, and of antiquated or ill-advised farming practices.

As a nation we are making headway in our fight against erosion and its accompanying social hazrds; but the forces of soil waste have such a lead that what has been accomplished is little more than victory in a preliminary skirmish. To win this fight our efforts must be pushed with increasing vigor.

The people of California, with characteristic aggressiveness, are attacking erosion on many fronts. During recent years more than twelve hundred California farmers have placed erosion-control defenses on nearly 200,000 acres of land.

Answers to the physical and technical problems of controlling erosion are known. Final success now resolves itself largely into a matter of **making these answers available to farmers who can benefit by them.**

California Conservation Week is further evidence that California is determined to work actively for conservation of vital soil resources and bring new recruits into your ever-increasing "conservation army." Such efforts are sure to rewarded with ultimate victory.

WHAT IS YOUR *Savings* GOAL?

ARE YOU *Saving* FOR THE DOWN PAYMENT ON A HOME?

★

During recent years, home ownership has been made easier to achieve than ever before. Liberal bank credit, or financing arranged under FHA, enables you to buy or build your own home with as little as 20% or even 10% of your own money as a down payment. The down payment on a home is a worthy goal for any saver—a goal which systematic savings will enable you to reach in a relatively short time, depending upon your salary or income and the cost of the home which you plan to build.

★

Bank of America, the national leader in FHA home financing, has helped more than 28,000 individuals to buy or build through convenient FHA loans. Saving for the down payment on a home is just one of the subjects discussed in the booklet, "Your Savings Goal and How to Reach It," which you may obtain at any branch of Bank of America.

Show Movies On Fires At Department Meet

Educational movies of fires and fire-fighting were the highlights of the regular meeting of the Daly City Fire department last week.

Shown by State Fire Marshal Lydell Peck, the pictures were "Forest Fires," "Housecleaning," and "Fifth of July." It was the opinion of many of the firemen that these films should be shown at public theatres as an educational feature and a warning against carelessness.

An alarm from box No. 19 caused the department a run, Friday evening, to a small fire on Santa Cruz avenue. No appreciable damage was done.

Hauntians Elect Officers For Year

In the dimly-lit holy of holies of their club house, The Royal Hauntians last week elected their officers fo rthe coming year.

After the Sunday incident, Burlingame police asked the Daly City department to keep a lookout for the woman and her companion.

Signs of the times in a motor age—these highway markers tell the story of a two-year, 100,000-mile truck test run recently completed by Chevrolet. In Canada, Mexico and every state of the Union, the truck operated on all types of highways and under every conceivable weather hazard, setting a new world mark for sustained and certified automotive operation, under the sanction and official observation of the American Automobile Association. The unit carried a 4,590-pound "payload." An average of 15.1 miles per gallon of fuel was maintained throughout the 100,000 miles, at an average operating speed of 33.07 miles per hour. Oil mileage was correspondingly high—1,072 miles per quart.

To Parents

In the recent radio program sponsored by this commission and presented by students from one of San Mateo county's high schools, the results of a recent school questionaire were mentioned by one of the student speakers.

He stated that the questionaire showed that while 228 students possessed drivers' licenses, 257 were accustomed to drive the family car. The conclusion is that 29 students are driving without licenses.

The apparent parental laxity should be thoughtfully considered by all guardians and parents of young people. IT IS UNLAWFUL TO DRIVE UNLESS LICENSED. The Vehicle Code of the State of California makes special provision for licensing minors, with age limits, and provides for the signing and verification thereof by parents and guardians, together with the civil liability of persons signing license application of minors. All parents and all young drivers should have full knowledge of the law regulating driving by minors on the public streets and highways.

Use Soya Bean Milk To Christen Auto

(Continued from Page 1)

Scouts and cubs of Troop 141 will take charge of the formalities of christening the new camp car.

"Soya Bean II" replaces the old, original and faithful "Soya Bean I" which was famed in song, joke and story. While the boys appreciate a new camp car, nothing will ever replace No. 1 in the hearts and memory of the troop.

Pink lemonade will be served at the christening and the public is invited.

Sonja Henie Stars In Drama At D. C. Theatre

Highly important to the screen career of Sonja Henie was the assignment of Irving Cummings to direct her newest Twentieth Century-Fox picture, "Everything Happens at Night," which opens tomorrow at the Daly City theatre.

Known to filmdom as an "actor's director," Cummings has a

Sonja Henie

great knack of drawing out of his performers the full amount of their talent.

When Sonja Henie was first signed up by Twentieth Century-Fox, not much was expected of her in acting ability; all that was wanted was her genius for skating. But she soon surprised everyone by developing a screen talent and personality that clicked with the fans.

"I learned that the principal thing Sonja enjoys in pictures is the fantasy of being someone else," says Cummings, "She likes to play and her boundless energy helps her to accomplish anything she wants."

Companion feature on the new bill is "Our Neighbors—The Carters," starring Edmund Lowe.
